Hoosier Add New Power Tire to the Drag Lineup
18213C30

LAKEVILLE, IND. – Hoosier introduces a new tire mainly designed for NHRA Factory Showdown class and Stock Eliminator cars that aim to optimize their power.

The new 18213 C30 tire is specially designed to handle the added power of today’s cars while providing the speed of a radial tire. This tire offers almost an extra inch of tread width, which results in better contact with the racetrack without causing any fitment issues, as it maintains the same total width as the current tires available. With this tire, you can enjoy more reliable traction and faster elapsed times without compromising on anything.

Item Number	Tire Size	Tread Width	Approx. Dia	Approx. Circ.	Recom. Rim Width	Measured Rim Width	Section Width	Compound
18213	9.0/30.0 R-15	9.9"	30.0"	94.0"	9-10"	10"	12.2"	C30
